

TUFLOC

INSTALLATION INSTRUCTIONS

Screen Mount Gun Rack

Congratulations and thank you for your recent purchase of the TUFLOC gun rack system. Esmet has designed and manufactured the highest quality products for over sixty-five years and we are confident that you will be a satisfied Tufloc product owner.

This manual includes simple step-by-step instructions to install, operate and maintain your gun rack. Please contact the factory if you have any installation or operation questions.

Screen Installation

1. Place weapon in weapon rack and determine best location on screen.
2. Remove weapon from weapon rack. Attach and insulate the red / black wires (supplied) to the corresponding red / black wires on the lockhead. Insure that the wires are not pinched as they are routed behind the channel toward the most convenient power and grounding source.
3. Mount rack according to diagram below.
 - Large lockheads can be custom fit for weapons. Simply raise or lower the adjustment plate by loosening or tightening the screw.
 - The tension of the adjustable foam clip can be adjusted by tightening or loosening the bolts.
